## Replacement

> ⚠ **CAUTION**
>
> Put on gloves to protect your hands.

> ℹ **Information**
>
> • Use a plastic panel removal tool to remove interior trim pieces without marring the surface.
>
> • Take care not to bend or scratch the trim and panels.

1. Remove the luggage covering mat(A).

2. Remove the center tray (A).

3. Remove the rear transverse trim (A).

4. Install in the reverse order of removal.

ⓘ Information

Replace any damage clips.
